STANDARD

Gracey Curette Standard
Originally designed to be finishing curettes for fine scaling and root planing. The combination of this unique blade and 9 different shank designs for specific tooth surfaces provide improved adaptation and deposit removal in scaling procedures.

MINI FIVE

Gracey Curette Mini Five

- Terminal shank is 3mm longer than Standard Gracey
- Compared to the standard Gracey curette, blade is 50% shorter and 10% thinner
- Good for scaling in deep, narrow pockets
